Dear Parents,

**Positive Parent Campaign - Parent Education Resources
and Our School Parent WeChat Group**

1. Positive Parent Campaign - Parent Education Resources

To enable parents to acquire the necessary knowledge and skills for nurturing their children in a more systematic manner, EDB launched the Curriculum Framework on Parent Education (Primary School) in December 2022. One of the core strands of the curriculum frameworks is the promotion of healthy, happy and balanced development of children (including whole-person development and mental health).

Parents are the most important guardians for their children. We encourage parents to give their children more care and support and to acquire the knowledge and skills for nurturing their children through participating in parent education courses/ activities and making good use of the available online resources.

The Education Bureau have selected four themes that are of interest to parents, namely “parent-child relationship”, “healthy lifestyle”, “stress and emotion management” and “learning and facing examinations”, and consolidated relevant education resources, which include featured videos and advice from experts and academics from the Smart Parent Net (see attachment) so that parents can make reference to the resources according to their interests and individual needs.

Any enquiries, please contact Home-School Co-operation and Parent Education Section on 36984376.

2. Parent WeChat Group

To strengthen the communication between parents and school, parents have been arranged to join the Parent WeChat group for each level at the beginning of the school year. In order to maintain network security, parents need to indicate the class, the name of the student and the relationship with the student the identity of parent (e.g. father, mother, guardian, etc.) when entering the group so that the identity of parents (e.g. 1A Chan Siu Ming’s mother) can be identified by the administrator. **Please check and make the amendment on or before 22nd December, 2023 (Friday) if it is not input in the format as mentioned above. In case that the procedures have not been finished, the administrator shall remove all contact numbers which are not meeting the requirements.**
