

2023/24 甲類通告第 E040 號

7<sup>th</sup> March, 2024

Dear Parents,

**Bringing Extra Sets of Tableware**

The Environmental Protection Department is implementing a new regulation on Disposable Plastic Products. The regulated plastic products include plastic straws, plastic stirrers, plastic forks, knives, spoons, etc. Addressing the problem of plastic pollution is a global trend, therefore our school is actively cooperating and encouraging students to act together and take the step of "Plastic Reduction" and support "Plastic Elimination".

The lunch provider has previously informed our students that starting from 6<sup>th</sup> March, 2024, there will be no disposable tableware provided to them and they must bring their own tableware. To prevent students from forgetting to bring tableware which affects them to have lunch, parents are kindly requested to **prepare at least ONE set of spare tableware for your child(ren) and store it in the small personal cabinet in their classroom** so that it can be always available in case of need.

In addition, the lunch supplier will prepare two sets of metal tableware in each class for students to borrow. However, students are required to clean and return the tableware immediately after lunch, and students are also required to clean the tableware themselves before each use to safeguard personal health.

Ms. CHENG Yuk Ching  
Headmistress
